Connect Four Strategy Board

How many lines of four pass through every space

Column 1

24

Column 2

36

Column 3

48

Column 4

60

Column 5

48

Column 6

36

Column 7

24

Each number shows how many of the 69 possible lines of four pass through that space. The middle of the board is part of the most lines, which is why the center column is the best place to start.
